YOUR DIMINISHED VALUE IS:
Assuming the vehicle was properly repaired, a fair and reasonable Diminished Value is:
<b>\$7,793</b> + applicable tax
If two identical vehicles were side by side for sale, one accident free, the other with this accident registered against it, a reasonably knowledgeable person knowing all pertinent facts would pay approx. \$7,793 less for the latter. A fair and reasonable value decrease, subject to negotiation, would be \$7,793.

METHODOLOGY & CREDENTIALS:
This calculator takes into consideration a variety of factors including, but not limited to, degree of damage, past accident history, mileage, market size, market competitiveness, and generally accepted pricing stigmas associated with purchasing a used vehicle in the retail market with a claim of the magnitude entered by the user, associated with it.
The developers of this website have over 30 years experience in auto appraisal management, over 20 years dealership experience, over 18 years experience in training insurance company staff on vehicle valuation and have been accredited expert witnesses in court.
